## BEING THE BEST FOR FAMILIES

### Well Done On A Zero Harm Week

We all had a great week last week because there were Zero Injuries in the UK.

This is a fantastic achievement and proves that Zero is possible. Keep up the great work.

### Enter MPA's Prestigious Health & Safety Awards Scheme 2019 Now!

Following on from the success of the 2018 MPA Health & Safety Conference and Awards, we are now pleased to invite entries to the 2019 Health & Safety Awards Scheme.

The sharing of best practice is a major contributor to the prevention and recurrence of serious incidents. Whether your submission is a winner or receives a Certificate of Participation, it all contributes to a safer and healthier workplace.

MPA looks forward to seeing your entry/entries, thereby aiding the industry's drive towards Zero Harm. The 2019 Scheme is **open to all** with an interest in Health & Safety. MPA welcomes entries from every organisation in the supply chain, including **MPA Members; non-Members; Contractors; Consultants; Manufacturers; Suppliers; Regulators etc.** As an MPA Member, do also consider making **joint entries** with a contractor, a supplier, or perhaps a joint venture partner.

Follow the links to: [www.safequarry.com](http://www.safequarry.com) and [www.safeprecast.com](http://www.safeprecast.com)

This year we have **INDIVIDUAL ENTRY FORMS**, one for each of the Topic Categories. Enter as many of the Categories as you like, but there is a **maximum of 16 entries, excluding joint entries, per member company**. Please read the 'Entry Criteria Guidance' and 'Image Guidance' – all

available on [www.safequarry.com](http://www.safequarry.com) and [www.safeprecast.com](http://www.safeprecast.com), along with the latest in the line of **MPA 'Sharing Good Practice' guides** that contain links to previous winning entries.

**NB:** Entry Deadline is Sunday 7th April 2019.

**Send your entries to: [hsawards@mineralproducts.org](mailto:hsawards@mineralproducts.org)**

The day-to-day management for the 2019 Scheme will be handled by a team at MPA. If you have any questions, please contact Ian Gibson and David Yelland at: [hsawards@mineralproducts.org](mailto:hsawards@mineralproducts.org) in the first instance.

## BEING THE BEST FOR CUSTOMERS

### Tracktastic!!

A customer made unusual use of our new track system on Go. Our driver, Adrian Bouldy, covering our Goole Plant, wasn't confident of the area whilst delivering a load to Firbeck Construction. Unbeknown to him the customer had looked on the track function of Go and seen that he was going the wrong way!

Adrian pulled over to a safe place to call the customer and when he did he was surprised to hear him say: "I'm in the white van just in front of you!" The customer had used Track to find out where his delivery was, saw the truck going the wrong way on the app and got in his van to find him at his stopping point! The customer then guided the CEMEX delivery to the site... an added bonus of our new track system!!! Best for customers AND drivers.....

## BEING THE BEST FOR SHAREHOLDERS

### Northfleet Dry Discharge Investment Continues

Michael Hinson, Quarry Manager, has posted the latest pictures of the dry discharge works at Northfleet Wharf.

Work is progressing well on the shore side, although not a lot can be seen at this point! Shutting and the steel work is underway at the bottom of the pit.

### CEMEX Tech Awards

The 9th Edition of the CEMEX TEC Award Call is Now Open. This year we have four categories:

i) Social Entrepreneurship, ii) Transforming Communities, iii) Community Entrepreneurship and iv) Collaborative Action.

In 2019, for only the second time, the CEMEX-Tec Award, honouring entrepreneurs and social innovators who are leading in the field of sustainable development, will be open to candidates from around the globe.

The deadline for the Open Call is Friday 31<sup>st</sup> May. There is a Powerpoint document about the Awards and an information leaflet for you to look at if you would like to find out more... both are in the download section of UK News.

## BEING THE BEST FOR COMMUNITIES

### Inside Out.....

You may have seen this week the news story about cycle safety featuring CEMEX on Inside Out on BBC West Midlands. Tom O'Neil from our Aston Readymix plant helped with the filming and was interviewed by the TV crew.

They were showing cyclist Elizabeth Penny, working mum, the view from a truck so that she could appreciate what it is like driving a large truck. They were discussing cycling issues in Birmingham, as

they are building significant infrastructure to encourage cycling in the city.

### The Early Birds....

The un-seasonally warm weather last week encouraged the endangered Twites to reappear early at our Dove Holes quarry.

We are putting down a special seed mix to help them survive in case March proves less clement.

### RSPB Land Management Training

We are pleased to announce that our 2019 RSPB Land Management training programme has now gone live on our website!

<https://www.rspb.org.uk/our-work/conservation/conservation-and-sustainability/advice/training-courses/>

All Wet Grassland and Reedbed course bookings are being managed by The Field Studies Council. Here is a link to their page:

<https://www.field-studies-council.org/individuals-and-families/natural-history/habitats-and-conservation/general.aspx>

All other bookings can be made by contacting Holly Jopson at: [holly.jopson@rspb.org.uk](mailto:holly.jopson@rspb.org.uk), directly to request a booking form.

We look forward to hearing from you!

## Happy Birthday – MPA Is 10 Years Old!

Driving Change. Raising Standards. Improving Perceptions.

We're celebrating this important milestone by thanking all our members and partners for working with us to ensure our great industry receives the recognition it deserves.

From the merger of QPA, BCA and TCC in 2009, we have come a long way to become the sectoral trade body for the mineral products industry, encompassing

14 product groups covering aggregates, asphalt, cement, concrete, dimension stone, lime, mortar and silica sand.

We are now working towards achieving the MPA vision for 2025:

"To be valued as an essential and economically, socially and environmentally sustainable industry of significance to the economy and our way of life."

To find out more download the MPA Charter [here](#).

## BEING THE BEST FOR EMPLOYEES

### 15 Years For Willie Stevens

A big thank you and well done to Cowieslinn Fitter, Willie Stevens, on achieving 15 years service.

Here is Willie on the right receiving his £200 in Tesco vouchers to enjoy with his family.

Cheers Willie.

## Ryan Reaches The 15 Year Mark!

Last Saturday Ryan Schultheiss from UK Asphalt completed 15 years service.

Congratulations to Ryan and here's to the next 15!

## More NEBOSH Success At South Ferriby

Two members of South Ferriby's Production team are celebrating; having both passed their NEBOSH National General Certificate in Occupational Health and Safety. Rob Campbell (Production Team Leader, pic left) and Dave Oliver (Process Operator, pic right) were both delighted with their results following completion of the course.

The course involved three weeks of classroom-based study, interspersed with a further three weeks of homework and revision before the final exams. The course encompasses a range of topics including Health & Safety management systems, legal responsibilities, British and European standards and workplace hazards.

The final NGC 3 unit culminated with the chance to put all their learning into practice with an on-the-job assignment.

## New Month, New Bargain.....

With March upon us already, it is time for the new CEMEX Lifestyle bargains.

See the website for more ways to spend and save..... [www.cemexplifestyle.co.uk](http://www.cemexplifestyle.co.uk)
