

COVID-19 Update for UK Employees | 25/09/2020

Updates to Travel Corridors

Yesterday some further changes were made to countries on the UK travel corridors list. People arriving in the UK from **Denmark, Iceland, Curaçao and Slovakia** from 4am Saturday 26 September 2020 will need to self-isolate for 2 weeks.

As always, please be aware of the regular changes to this list if you are planning any overseas travel and ensure you speak to your line manager if you have any questions or concerns. For more information about the travel corridors visit the Government website [here](#).

Flu Vaccine – Reminder

Public Health England has highlighted that the national flu immunisation programme will be absolutely essential to protecting vulnerable people and supporting the resilience of the health and care system over the winter months. Some employees will be able to receive a vaccine for free on the NHS, because they are deemed to be ‘at risk’ – for instance those who are pregnant, aged 65 years or older, or have certain medical conditions. If you believe you are eligible for a free flu vaccine on the NHS, visit [here](#) for more information. **If you wish to book a free flu vaccine through the CEMEX coordinated clinics, here again are the links to the booking system**, which is on a first come, first served basis.
