COVID-19 Update for UK Employees | 25/01/2021

Face Masks – Please Ensure They Are Worn Correctly

Wearing a face mask continues to be an important way for us all to prevent the spread of the virus and protect those around us.

However, we have all seen people who are not wearing them correctly, and it is easy to become complacent particularly when talking to others or moving inside and outside.

Please remember to ensure your nose and mouth are fully covered, and you do not pull it down to your chin while wearing it. This helpful graphic from Which? reminds us all of the appropriate way to wear a mask.

Additionally, we would advise all employees to ensure they are wearing a quality mask that fits properly, such as those that have previously been provided by the RRT.

under your chin or pull it around while wearing

your mask once it's fitted

When you are at a CEMEX site, please remember our 'Mask & Move' policy and wear a face covering whenever away from your workstation and moving around indoors.

Survey – Indoor Facilities at Workplaces

Following a Coronavirus outbreak in a CEMEX office overseas, we have been asked to share information about the number of people working in buildings and their workspace in relation to sites with indoor facilities (offices, admin centers, control rooms, etc.).

touching your mask

Please can we ask COVID Coordinators / Site Managers to complete a short survey, shared by the Global Health and Safety Team, to identify how many people are located in each indoor facility at your workplace and to provide the population density (number of people per square metre).

The survey can be accessed through the link here and should take no more than 10 minutes.

Thank you for your help – this will support the review into the outbreak and explore potential future risks.

Employee Assistance Programme

Free, confidential support and counselling available for all employees

If you're worried about a work, family or personal issue then the Employee Assistance Programme can help, 24/7.

Support with everything from consumer rights to bereavement, depression & anxiety to childcare.
