

COVID-19 Update for UK Employees | 29/07/2021

Health & Safety achievements across UK business

Over the last week, several areas of the CEMEX UK business have reached impressive LTI-free milestones. We must congratulate all of UK Readymix and all of UK Aggregates on reaching 2 years and 1 year LTI free respectively. In addition, our Supply Chain Aggregates and Asphalt operations also reached 1 year LTI free. The size and complexity of these operations make these records even more notable.

Lex Russell, Managing Director of UK Materials commented: "I would like to say a massive thank you and well done for working together as "one team" to ensure health and safety is always prioritised. This has been a challenging period and I am very proud of what has been achieved by looking after each other."

These are phenomenal achievements, particularly when we consider the exceptional challenges placed on our operations over the last 18 months – not just the Coronavirus pandemic but the high demand for our products that has been experienced since the start of this year.

The RRT therefore would also like to take this opportunity to thank all employees for their continued support and commitment to the business. We know this is a pressured time for many and everyone is working very hard to meet our customers' demands and supply our vital construction products to where they are needed, while also covering for employees who are on holiday or self-isolating.

We appreciate all you are doing to help the business achieve such excellent results; please ensure your safety always comes first whatever you are doing. **Make it your number one priority to look out for one another, follow the Four Behaviours that Save Lives and Step In wherever it is needed.** Together we can ensure all employees return home safely at the end of the day and can enjoy the summer period with their families.

THANK YOU & STAY SAFE

Employee Assistance Programme

Free, confidential support and counselling available for all employees

If you're worried about a work, family or personal issue then the Employee Assistance Programme can help, 24/7.

Support with everything from consumer rights to bereavement, depression & anxiety to childcare.
