

# WHY SHOULD YOU REPORT A NM / HA?

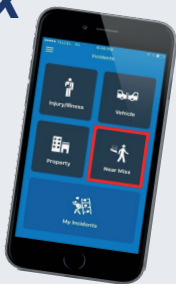

Don't feel nervous about reporting any potential hazards you may see on our sites or when visiting customers.

Near Miss / Hazard Alerts are a fundamental part of our safety efforts!

They ensure that potential issues are spotted and resolved before they cause any injuries. They help to protect you and those around you.

Every risk reported helps us to work towards our target of **Zero4Life** – your support could help to save a life!
