Choosing the Solo 3 or Solo 3S

Solo 3

Ideal if you're looking for a reliable home charger

Solo 3S New

Ideal if you're looking for a reliable home charger that evolves with your home

Over-the-air software updates

Receive compatible feature updates over Wi-Fi.

Solar integration

Not available on the Solo 3

Future-proof technology

Not available on the Solo 3

Over-the-air software updates

Ensure you always have the latest features with automatic software updates over Wi-Fi.

Solar integration

Harness the full benefits of zero-cost and zero-carbon charging at times with our easy-to-use solar integration.

Future-proof technology

Our latest software is designed to integrate with future energy technology and next-generation vehicles.

Both our chargers also offer:

3-year warranty

Guarantee peace of mind when you plug in with our 3-year warranty on the charger and installation.

Standard installation included

Over 90% of our customers qualify for our Which? Trusted Trader endorsed standard installation.

Charge scheduling

Take advantage of cheaper off-peak rates by scheduling charging around your energy tariff.

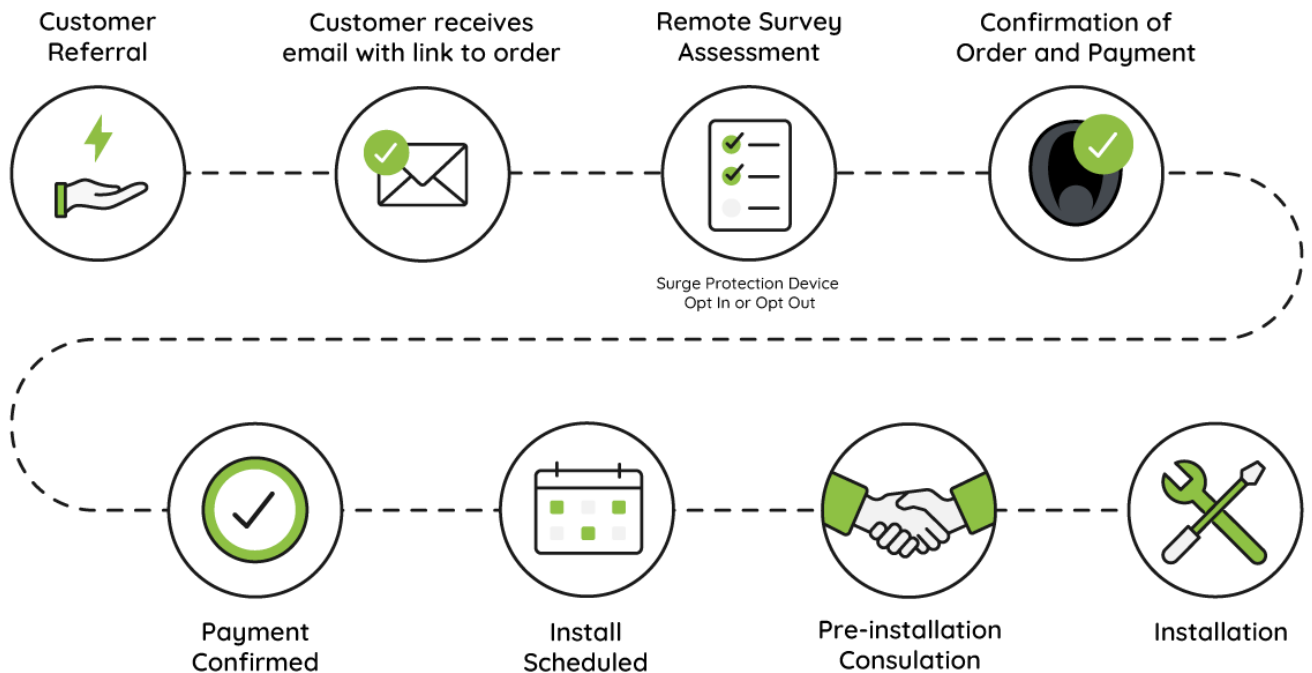

Pod Point App

Easily report your expenses and track your charging insights and costs through the app.

I'm interested, so what next?

- 1) Click [here](#) or the link at the bottom of the page to open your referral link.
- 2) Select "Start your enquiry" on the webpage
- 3) Fill in your personal contact information and vehicle details.
- 4) Type "CEMEX Employee Discount" in the "Company Name" field
- 5) Your Unique Reference is: **CEMPOD**
- 6) Click submit and wait for an email in your inbox. This email will contain a personalised link letting you complete your order.
- 7) We'll send you a survey to complete which will help us understand your installation requirements.
- 8) You'll see prices and further details before completing your online order.
- 9) Once that's completed, we'll be in touch to arrange your installation date. You'll need to be home as one of our installers will walk you through your new home charger and connecting it to the app.
